DATE: October 9, 2015

TO ALL RESPONDENTS:

This addendum shall become a part of the Request for Proposals as if originally included. The Respondents shall acknowledge receipt of the addendum.

The Request for Proposals shall be modified as required by the following items:

AD2-1 RFP Section 5.1 Submittal Place and Deadline

- In the last sentence of this Section, replace "Part 7" with "Part 4".

AD2-2 Attachment E – Project Technical Requirements

AD2-2.1 CHANGE Section 5: Effluent Performance Criteria as follows:

- Replace second and third sentence of the first paragraph with the following: "A draft of this new permit is included in Appendix B".
- Delete Table 5-2 Effluent Ammonia Limits in New Permit.

AD2-2.2 ADD the attached Draft Permit – 10/9/15 to Appendix B.

AD2-2.3 REPLACE Section 3.6 Geotechnical Information with the following:

- "The Owner has completed a subsurface exploration report, entitled "Subsurface Exploration Wastewater Treatment Plant Improvements, Hays, Kansas", prepared by Geotechnology, Inc., dated October 9, 2015. This report is attached to this Addendum. Owner's responsibility for information in the geotechnical reports is limited to Technical Data, including the data contained in boring logs, recorded measurements of subsurface water levels, laboratory test results, and other factual, objective information regarding conditions at the Site that are set forth in the report. Owner is not responsible for Design-BUILDER's use of opinions or recommendations in the report. Perform any additional geotechnical investigation or testing required for structural or civil design.

This addendum is made part of the Request for Proposals. Respondents must acknowledge receipt and acceptance of this Addendum No. 2 by completion of the attached acknowledgement form. FAILURE TO ACKNOWLEDGE RECEIPT AND ACCEPTANCE MAY RESULT IN REJECTION OF THE PROPOSAL.
